

Florida **JOURNAL** COMMUNITY ASSOCIATION

THE OFFICIAL PUBLICATION OF FCAP

*Florida's Most Trusted Print and Digital Media Source
Supporting Community Association Boards and Managers*

35+
YEARS

Since 1987, *Florida Community Association Journal* has been the most reliable source of education for Florida's community association board members and managers. Florida's condominiums and HOAs have turned to *FLCAJ* for practical information as they go about making critical decisions for their community. We routinely cover topics ranging from legal, financial, and management advice to maintenance, renovations, and reconstruction. Our platforms include print, digital, and a bi-monthly email newsletter

to get vital information to the proper decision makers. Many of our readers are new to community association management and unfamiliar with the professional companies that are available to help them in their challenge of managing their association. Advertising in *FLCAJ* gives boards and managers an introduction to your brand, and our editorial opportunities can help your business stand out as experts and leaders in the industry.

If doing business with community associations in Florida is one of your major markets, then we are here to help.
